SCHOOL ANNUAL REPORT - 2022 - 23

I deem it my profound pleasure to present before you an annual report of our prestigious school. I feel gratified and take this opportunity to submit to you a consistently growing graph of our glorious schools echoing success, its achievements and its illustrious journey towards progress.

You are well aware that our institution is always committed towards the overall development of the students and leaves no stone unturned for their progress in various areas like academics, sports and other co-curricular activities. The year 2023 started with delight. This year too our students once again proved their mettle in X CBSE board examinations held in March 2023 and have brought laurels to our institution. I proudly announce that we achieved 100% result. A total of 183 students appeared for the examinations. 13 Students scored above 90%. Two of our students secured cents in Mathematics. We are truly proud of their commendable performances. None of all this would have been possible without commitment and dedicated care of our able faculty, parents and well wishers. We extend our profound thanks to them.

Education is incomplete without inculcating a competitive spirit and a spirit of sportsmanship among students. Sports are an integral part of our school curriculum. For the same, various co-curricular activities and competitions were held in and outside school. Saleema, a student of class IX participated in drill and was highly appreciated for her skills. D. Bindusree a student of class IX participated in State badminton championship and was placed in second position. As the saying goes, 'A sound mind in a sound body', to educate children that their progress mainly depends on their health and to prioritize keeping our students in good health, Yoga day was celebrated on 21st June 2023. Every student participated with zeal and was keen to learn and practice yoga more.

Mother Earth and nature play a crucial role in the wellbeing of the human beings. Many of us around the world are in a trance and carelessness

towards earth and nature. But we at our institution have ensured that students develop interest in nature care and its conservation. For this we made our students actively participate in Earth day, National Environment Day and Nature Conservation Day.

To whet the students' IQ literary competitions like Guldastha and Padhyala Thoranam were held at school. Students participated and displayed their skills with precision and enthralled everybody present on the occasion. Our students also displayed their exuberance in participating in the district library essay writing and elocution competitions and bagged prizes. Maths day, 'Kites' festival were celebrated with pomp. Rangoli competition was conducted to hone the students creative skills. In order to enhance and instill patriotic fervor among the students, they were made to participate in ' Har Ghar Tiranga' rally and ' Unity marathon '. Nearly a 100 students participated in the Independence day celebrations held in police grounds, Kurnool on 15th August 2023. Many of them portrayed the characters of freedom fighters and were applauded by Minister Bugganna Rajendranath for their excellence in artistic skills. It was indeed a proud moment for all of us.

Our institution also nurtures NCC to create a human resource of organized, trained and motivated youth and makes them enhance their leadership qualities in all walks of life. It trains them to be always available for the service of nation and to develop a spirit of comradeship. In order to suitably motivate the students to develop a sense of adventure, we made our NCC, 9 Andhra girls battalion to participate in Punit Sagar Abhiyan and statue cleaning projects. This made all of us swell with pride.

Last but not the least, I heartily acknowledge the sincere endeavours of our dear management which always puts its trust and confidence in us and which has always been a pillar of support and driving force to us in our quest towards progress. Without them we couldn't have been able to make a difference by achieving what we have achieved till now. We are still unsatiated. The more we achieve, the more we yearn for. We promise you that we shall reflect on our shortcomings and try to strive for perfection.

Thank You.
